# PLANT TURNAROUND SUPPORT

**Downtime is expensive. Get the job done right the first time.**

Versa Integrity Group's team of inspectors, NDT technicians, and mechanical integrity experts work together to provide a comprehensive set of turnaround solutions for refineries, chemical plants, power plants, gas processing facilities, paper mills, and other process facilities.

We take our work seriously. We understand that getting the turnaround completed without any major issues is mission critical to you. This is why we hire and train a staff of experienced personnel to assist you.

## Turnaround and Shutdown Management

Versa's personnel manage turnaround inspections at petrochemical and refining facilities throughout the southeast region of the United States. Our API 510/570/653 certified personnel prepare concise and detailed inspection plans based on equipment inspection history and process conditions through a collaborative effort with in house facility personnel.
